

Professional Counseling &
Care Pregnancy Center

Reaching, Rescuing,
Renewing Lives!

Non-profit charitable
organization providing
the National Helpline for
Abortion Recovery,
Professional Counseling
and Life Alternatives.

OUR MISSION

Our mission is to share
God's truth about life
meeting the emotional,
physical and spiritual
needs of clients whether it
be during a crisis
pregnancy or other
situation involving one's
thoughts, behaviors, or
relationships throughout
the life span, and to equip
individuals to continue to
share God's truth to future
generations.

A Note of History...

It was 1997. I had been working for several years on getting some question put to music for Junior Bible Quiz, and the cassette tape was being produced. I remember standing around our computer in the dining area of our house with my husband and sons as we brainstormed a name for the ministry.

The tape being produced was called "Buzzing Melodies," but that didn't sound like the right name for the entire ministry. After several hours of discussion around the word "truth," my oldest son asked, "What about Concepts of Truth?" Immediately, we all loved it!

Since the ministry was founded on the word of God, we felt we had chosen the perfect name. We began to research and found that there was no other Concepts of Truth in Arkansas, so we decided to apply for the trademark name.

Concepts of Truth incorporated in March 1998, beginning as a small tape ministry for Junior Bible Quiz and opened as a professional counseling and pregnancy care center in 2001. Our purpose is to promote the gospel of Jesus Christ by all means and forms possible, including but not limited to providing a national helpline for abortion recovery, counseling, singing, teaching, personal testimonies, tape and video productions. Our vision is to help our nation and world come to know Jesus Christ as Savior and Lord, heal from the pain of abortion and teach sexual integrity to present and future generations.

Our mission is to share God's truth about life meeting the emotional, physical and spiritual needs of clients whether it be during a crisis pregnancy or other situation involving one's thoughts, behaviors, or relationships throughout the life span, and to equip individuals to continue to share God's truth to future generations.

Concepts of Truth, Inc. is a faith-based, 501 C-3 non-profit professional counseling and pregnancy care center making a difference in people's lives. We provide professional counseling, pregnancy care services, prevention classes in the public schools and the National Helpline for Abortion Recovery at 1-866-482-LIFE.

The National Helpline for Abortion Recovery is an integral part of the mission of Concepts of Truth because of the great untouched mission field of those hurting after abortion. All calls are free and confidential. The number is used as a resource on the Faces of Abortion TV show and documentaries. It is also referenced in many books, brochures and websites for abortion recovery resources.

The National Helpline for Abortion Recovery is more than a referral source. We provide callers with free, local Bible studies for abortion recovery, mail resources, and provide on-going follow up and support until the caller has processed the pain and grief of abortion and healed to be able to help others.

The National Helpline has served callers from all 50 states, Canada, Puerto Rico and Europe. Callers are given life affirming options enhancing their vision and value to empower them to make choices for life. These life choices include saving the unborn, healing after abortion, adoption placement, and new and renewed spiritual life.
